

# **Castle Primary School**

## **Asthma Policy**

**REVIEW DATE: OCTOBER 2023**

### **The school:**

- recognises that asthma is a widespread, serious but controllable condition and the school welcomes all pupils with asthma
- ensures that pupils with asthma can and do participate fully in all aspects of school life, including art lessons, PE, science, visits, outings or field trips and other out-of-hours school activities
- recognises that pupils with asthma need immediate access to reliever inhalers at all times
- keeps a record of all pupils with asthma and the medicines they take
- ensures that the whole school environment, including the physical, social, sporting and educational environment, is favourable to pupils with asthma
- ensures that all pupils understand asthma
- ensures that all staff (including supply teachers and support staff) who come into contact with pupils with asthma know what to do in an asthma attack
- understands that pupils with asthma may experience bullying and has procedures in place to prevent this
- will work in partnership with all interested parties including the school's governing body, all school staff, school nurses, parents/carers, employers of school staff, doctors, nurses and pupils to ensure the policy is planned, implemented and maintained successfully

## **ASTHMA MEDICATION PROCEDURES:**

- Immediate access to reliever medicines is essential. Pupils with asthma are encouraged to carry their reliever inhaler as soon as the parent/carers, doctor or asthma nurse and class teacher agree they are mature enough. The reliever inhalers of younger children are kept in the classroom in a box.
- Parents/carers are asked to ensure that the school is provided with a labelled spare reliever inhaler. The class teacher will hold this separately in case the pupil's own inhaler runs out, or is lost or forgotten. All inhalers must be labelled with the child's name by the parent/carers.
- School staff are not required to administer asthma medicines to pupils (except in an emergency), however many of the staff at this school are happy to do this. School staff who agree to administer medicines are insured by the local education authority when acting in agreement with this policy. All school staff will let pupils take their own medicines when they need to.

## **THE SCHOOL ENVIRONMENT**

- The school does all that it can to ensure the school environment is favourable to pupils with asthma. The school does not keep furry or feathery animals and has a definitive no-smoking policy.
- As far as possible the school does not use chemicals in science and art lessons that are potential triggers for pupils with asthma. Pupils with asthma are encouraged to leave the room and go and sit in the school office if particular fumes trigger their asthma.

## **WHEN A PUPIL IS FALLING BEHIND IN LESSONS**

- If a pupil is missing a lot of time at school or is always tired because their asthma is disturbing their sleep at night, the class teacher will initially talk to the parents/carers to work out how to prevent their child from falling behind. If appropriate, the teacher will then talk to the school nurse and special education needs coordinator about the pupil's needs.
- The school recognises that it is possible for pupils with asthma to have special education needs due to their asthma.

## **ALL SCHOOL STAFF HAVE A RESPONSIBILITY TO:**

- understand the school asthma policy
- know which pupils they come into contact with have asthma
- know what to do in an asthma attack
- allow pupils with asthma immediate access to their reliever inhaler
- tell parents/carers if their child has had an asthma attack
- tell parents/carers if their child is using more reliever inhaler than they usually would
- ensure pupils have their asthma medicines with them when they go on a school trip or out of the classroom
- ensure pupils who have been unwell catch up on missed school work
- be aware that a pupil may be tired because of night-time symptoms
- keep an eye out for pupils with asthma experiencing bullying
- liaise with parents/carers, the school nurse and special educational needs coordinators or Learning Support & Special Educational Needs Department if a child is falling behind with their work because of their asthma

## **PARENTS AND CARERS HAVE A RESPONSIBILITY TO:**

- tell the school if their child has asthma
- inform the school about the medicines their child requires during school hours
- inform the school of any medicines the child requires while taking part in visits, outings or field trips and other out-of-school activities such as school team sports
- tell the school about any changes to their child's medicines, what they take and how much
- inform the school of any changes to their child's asthma (for example, if their symptoms are getting worse or they are sleeping badly due to their asthma)
- ensure their child's reliever inhaler (and spacer where relevant) is labelled with their name
- provide the school with a spare reliever inhaler labelled with their child's name
- ensure that their child's reliever inhaler is within its expiry date
- keep their child at home if they are not well enough to attend school
- ensure their child catches up on any school work they have missed
- ensure their child has regular asthma reviews with their doctor or asthma nurse (every six to 12 months)
- ensure their child has a written personal asthma action plan to help them manage their child's condition
